Cuba: draft resolution

The Security Council,

Deeply concerned by the state of war existing in the Gulf and, above all, by the losses of human life and the destruction of material property caused by the mass bombings suffered by the cities of Iraq,

Committed to restoring the independence, sovereignty and territorial integrity of Kuwait,

Considering its primary responsibility for the maintenance of international peace and security, as established in Article 24 of the Charter of the United Nations,

Convinced that it is its duty to use all peaceful means for the settlement of international conflicts and differences in order to maintain international peace and security and "save succeeding generations from the scourge of war", as proclaimed in the Preamble to the Charter of the United Nations,

1. Demands that the bombings of the cities of Iraq be immediately halted and requests that the negotiations for seeking a peaceful resolution of the conflict be immediately intensified without further resort to force;

2. Decides to remain seized of the matter.
